

## UTILITIES Center Harbor, NH

Cable service areas are derived from a paper map provided by Metrocast Cablevision, December 2009. 3-Phase power service lines were provided digitally by NH Electrical Co-operative. Sewer lines are derived from paper plans provided by the town of Center Harbor. DSL Service Area is the region within an 18,000 foot radius of the FairPoint Communications building at 51 Plymouth Street.

The following datasets were mapped at 1:24,000 and distributed by NH GRANIT: roads, from NH DOT; streams, rivers, and water bodies, from the NH Hydrography Dataset, mapped by USGS, US EPA, and NH DES; town boundaries, from USGS; railroads from USGS. Background hillshade is derived from a 30-m statewide digital elevation model from USGS.

## For planning purposes only.

Digital data in NH GRANIT represent the efforts of the contributing agencies to record information from the citied source materials. Complex Systems Research Center (CSRC), under the contract to the Office of Energy and Planning (CEF), and in consultation with cooperating agencies, maintains a continuing program to identify, and correct errors in these data. Neither OEP nor CSRC make any claim to the validity or reliability or to any implied uses of these data.
