

FUTURE LAND USE and CONSTRAINTS Center Harbor, NH

- Land Use Zone
- Commercial and Light Industry
 - Commercial Village
 - Residential
 - Agricultural and Rural
- Constraints on Future Land Use
- Conservation Land
 - Currently Developed Land
 - Steep Slopes (>25%)
 - Wetland

Lakes Region Planning Commission
103 N. Main St. Suite #3
Meredith, NH 03253

Land use zones represent current zoning for the town of Center Harbor. Wetlands from 2009 Natural Resource Inventory by Ecological Management Consultants. Steep slopes derived from 30m USGS digital elevation model. Currently Developed Land is from 2009 Land Use/Land Cover by LRPC, based on interpretation of 2006 - 2008 aerial photography. The following datasets were mapped at 1:24,000 and distributed by NH GRANIT: roads, from NH DOT; streams, rivers, and water bodies, from the NH Hydrography Dataset, mapped by USGS, US EPA, and NH DES; town boundaries, from USGS; railroads from USGS. Background hillshade is derived from a 30-m statewide digital elevation model from USGS.

For planning purposes only.

Digital data in NH GRANIT represents the efforts of the contributing agencies to record information from the cited source materials. Complex Systems Research Center (CSRC), under the contract to the Office of Energy and Planning (OEP), and in consultation with cooperating agencies, maintains a continuing program to identify and correct errors in the data. Neither OEP nor CSRC make any claim to the validity or reliability or to any implied uses of the data.
