

CENTER HARBOR BROADBAND COMMITTEE

(rescheduled first committee meeting)

Monday June 20th, 2022

4:00 pm

Cary Mead Room

I. Introduction and Charge by Selectman Harry Viens

Broadband Committee Charge

Develop a strategy and master plan for bringing access to reliable, affordable high speed broadband service to the Town of Center Harbor. This will include an assessment and comparison of all currently available broadband options, pricing, availability and reliability.

An ideal proposed solution will:

- Be priced competitively against existing DSL and Breezeline service
- Provide service access to all residences and businesses
- Offer Speeds up to and including 1GB download/upload
- Be Funded by grants or internet service providers
- Utilize state-of-the-art technology that is sustainable over time
- Can be built-out in a reasonable time-frame (under 3 years)

II. Discussion of Charge and Committee Role/Scope

III. Election of Chair and Secretary

IV. Future Meetings (frequency and day/time)

V. Required and Next (initial) Steps

VI. Other Business
