

Center Harbor Conservation Commission (CHCC) Annual Report 2016

In 2016, the Conservation Commission continued its efforts to preserve and protect the high quality land and water resources throughout the town.

Initiatives during 2016 included:

- Completion and execution of the Conservation Easement for the Fogg Hill property acquired by LRCT (Lakes Region Conservation Trust).
- Final Draft of the proposed conservation easement from the Lakes Region Conservation Trust (LRCT) on a 42.7 acre parcel adjoining the existing Fogg Hill conservation land which expands the total amount of land conserved to 235 acres.
- Providing resources and input to the Planning Board for development of a final draft of the proposed Water Resources Ordinance which was approved at the March 2016 Town Meeting.
- Assisted the Town in reaching an agreement with the Department of Transportation (DOT) repair the Snake River/ Mosquito Bridge (in lieu of replacement), thereby helping to preserve and protect the Snake River Prime Wetland complex.

The CHCC is actively seeking Center Harbor residents to volunteer for membership in the Town's Conservation Commission – there are openings for Two (2) Commissioners and Two (2) alternates. Should you wish to learn more about the activities of the CHCC, please contact the Selectman's Office or attend one of its meetings. Because of its reduced membership, the CHCC meets on as needed basis. Meeting notices, Agendas and Minutes of its meetings are on-line at the Town's web site.
